SKILLS

Tech Skills

- Python
- Java
- PHP & Laravel
- SQL
- MongoDB
- MySQL
- HTML /CSS
- AGILE
- JavaScript
- React JS
- Express JS
- Node JS
- MongoDB
- GitHub
- Docker
- Microsoft Excel

Soft Skills

- Strong problem-solving skills
- Logical thinking
- Code debugging and optimization

PROFILE

I've spent the past few years in tech, building scalable systems, debugging with precision, and diving deep into backend, databases, and full-stack development. I enjoy exploring new frameworks and discovering more efficient, effective ways to solve problems. Outside of work, you'll usually find me tinkering with tools, experimenting with personal projects, or keeping up with emerging tech trends.

WORK EXPERIENCE

Kapiton Solutions Inc. MARCH - JULY 2025
De La Salle University, Manila
Full Stack Developer

- Developed and maintained scalable backend systems using Laravel within Dockerized environments
- Managed version control and collaborative workflows using GitHub, including pull requests and issue tracking
- Assisted in containerized deployment pipelines, ensuring smooth delivery and consistency across environments.
- Contributed to new feature rollouts and optimized existing backend functionality for performance and reliability

EDUCATION

Bachelor of Science in Computer Science with 2021 - 2025
Specialization in Digital Forensics
National University of the Philippines, Manila
GWA: 3.25 / 4.0

PROJECTS

ClickSmart: AI-Chatbot Supported Cybercrime MARCH 2025
Awareness Website

- Fine-tuned a GPT-2 model with Philippine cyber law data, enabling context-aware and accurate legal responses, using Python and TensorFlow for chatbot functionality.
- Developed an AI chatbot-integrated website to raise awareness of cybercrime, made from HTML, CSS, JavaScript, and deployed on Render.

Tienda: E-commerce Web Application AUGUST 2025

- Developed and deployed a full-stack e-commerce platform using MongoDB, Express.js, React, and Node.js, featuring dynamic product listings and cart functionality.
- Integrated secure user authentication and payment processing with deployment on Render, delivering a fully functional online shopping experience.

CERTIFICATE

- **Intermediate SQL**
- **IBM Cloud Essentials**
- **Getting Started with Data Analytics on AWS**
